

Every Minute of HVAC Downtime Costs \$8,225.

Campbell Mechanical Services partners with data centers across Northern Ohio and Southeast Michigan to manage mission-critical cooling, control costs, and keep systems running when every minute counts.

Why Data Centers Choose Campbell

- **Lifetime Guarantee, No Surprise Bills**
If we maintain your system and something fails, we cover the repair.
- **24/7 Emergency Response: 1-800-HVAC-911**
You're covered any time of the day.
Someone always answers.
- **C.A.R.E. Program: Systematic Preventative Maintenance** Scheduled, documented maintenance that stops problems before they start.
- **Specialists Who Understand Data Centers**
N+1 redundancy isn't optional and ASHRAE standards aren't suggestions. We know that.
- **Energy Efficiency for High-Density Environments**
AI workloads pushing 100kW per rack need a different approach. We optimize for how you actually operate.
